-  DO NOT Overtighten
-  Use Factory Piece

BRAKE LEVER TOE PEG OPTIONS - TOP VIEW

TOE PEG MUST FOLD TOWARDS FOOT PEG

BRAKE LIGHT INFO:

These rearsets do not use: OEM rear brake light switch, spring & lever return spring. In race form these rear sets no longer activate rear brake light from rear brake lever. Street use requires rear brake light to be activated by rear & front brake levers. To achieve rear brake light activation from rear brake lever use Vortex in-line pressure switch RS100.
