LIMITED WARRANTY

Kuryakyn warrants that any Kuryakyn products sold hereunder, shall be free of defects in materials and workmanship for a period of one (1) year from the date of purchase by the consumer excepting the following provisions:

- Kuryakyn shall have no obligation in the event the customer is unable to provide a receipt showing the date the customer purchased the product(s).
 - The product must be properly installed, maintained and operated under normal conditions.
 - Kuryakyn makes no warranty, expressed or implied, with respect to any gold plated products.
 - Kuryakyn shall not be liable for any consequential and incidental damages, including labor and paint, resulting from failure of a Kuryakyn product, failure to deliver, delay in delivery, delivery in nonconforming condition, or for any breach of contract or duty between Kuryakyn and a customer.
- Kuryakyn products are often intended for use in specific applications. Kuryakyn makes no warranty if a Kuryakyn product is used in applications other than intended.
- Kuryakyn electrical products are warranted for one (1) year from the date of purchase by the consumer. L.E.D.'S contained in components of Kuryakyn products will be warranted for defects in materials and workmanship for 3 years from the date of purchase where as all other components shall be warranted for one(1) year. This includes, but is not limited to; control modules, wiring, chrome & other components.

- Kuryakyn makes no warranty of any kind in regard to other manufacturer's products distributed by Kuryakyn. Kuryakyn will pass on all warranties made by the manufacturer and where possible, will expedite the claim on behalf of the customer, but ultimately, responsibility for disposition of the warranty claim lies with the manufacturer.

BIKE PREP:

- STEP 2** Remove the main fuse; refer to your service manual for specific instructions.
- STEP 3** Remove and disconnect the headlamp; refer to your service manual for specific instructions.
Proceed onto the model specific installation instructions below.

INSTALLATION (EXCEPT FLHR/C):

NOTICE

Kuryakyn recommends the use of the included dielectric grease on ALL electrical connections.

- STEP 4** Refer to **PIC 1**. Apply some of the included dielectric grease to the open ends of the connectors. Connect the new 4-pin adapter to the existing 4-pin connector.
- STEP 5** Connect the new 3-pin connector to the new headlight.
- STEP 6** Reinstall the main fuse; turn the ignition on and ensure proper headlight function before installation.
- STEP 7** Install the new headlight.
- STEP 8** Ensure proper function of **ALL** lights **BEFORE** operating the motorcycle.

FLHR/C INSTALLATION:

- STEP 9** Cut the existing headlight connectors off of the bike. Refer to **PIC 1**. Cut the 4-pin connector off of the new Adapter Harness. **Discard the 4-pin connector; it will not be used.**

NOTICE

Kuryakyn recommends the use of the included dielectric grease on ALL electrical connections.

- STEP 10** Strip the wires; use the included butt connectors to connect the matching color wires. The blue wire will not be used; wrap it with electrical tape to insulate it. Connect **both black wires** from the bike to the **one black wire** on the Harness; use an included Large Butt Connector.
- STEP 11** Reinstall the headlight; reinstall the main fuse.
- STEP 12** Ensure proper function of **ALL** lights **BEFORE** operating the motorcycle.

NOTICE

Ride On!

It is the end user's responsibility to ensure that all of the fasteners (including pre-assembled) are tightened before operation of the motorcycle. Kuryakyn will not provide warranty coverage on products or components lost due to improper installation or lack of maintenance. Periodic inspection and maintenance are required on all fasteners.
